Pro-Vice Chancellor  
University of Rajshahi

### Message from the Pro-Vice Chancellor

A very warm welcome to you all! I am happy to extend my warm greetings to you all and congratulate the whole team of Bangladesh Journal of Agriculture and Life Science (BJALS) for successfully launching the inaugural issue of the Journal (*Volume-1 Issue-1, June 2020*). Journal has been graced with the presence of esteemed Editorial Board and I am sure that their valuable guidance and support will always be a lifeline for the successful working of the Journal.

It is a great privilege for me to assume the role of Editor-in-Chief of BJALS. Dr. Saleha Jasmine took initiative to launch this new journal and has given all the energy required to obtain the best possible start. I extend my regards to her for her effort, dedication and overall vision in insisting on the promotion of a unique journal in this field.

Finally, I would like to believe that BJALS will make a history in the field of Agriculture and Life Science.

AK Saha
